

Individual-Direct Membership Application  
for the

# *National Association of Wheat Growers*

NAWG is a grassroots association, with our **policies and stands coming directly from the wheat producers** of America. By combining the voices and efforts of wheat producers and focusing them through one organization, NAWG leverages the involvement of every wheat grower and **delivers substantial returns on investment.**

NAWG works for you to **improve farm policy**, create greater market access, **achieve balanced environmental policy** and push for new research technology for the benefit and profitability of wheat producers.

As a member, you will receive our weekly ***Report from Washington***, published each Friday. The newsletter **keeps you updated** on regulatory and legislative issues, trade policy, research and industry issues, as well as leadership training opportunities provided by our industry partners.

**Eligibility:** Individuals in states that have no wheat grower organization affiliated with NAWG are eligible for individual-direct membership in the National Association of Wheat Growers.
